ECZEMA DISFIGURED BABY

"Our little boy Gilbert was troubled with eczema when but a few weeks old. His little face was covered with sores even to back of his ears. The poor little fellow suffered very much. The sores began as pimples, his little face was disfigured very much. We hardly knew what he looked like. The face looked like raw meat. We tied little bags of cloth over his hands to prevent him from scratching. He was very restless at night, his little face itched."

"We consulted two doctors at Chicago, where we resided at that time. After trying all the medicine of the two doctors without any result, we read of the Cuticura Soap and Ointment. Following the directions carefully and promptly we saw the result, and after four weeks, the dear child's face was as fine and clear as any little baby's face. Every one who saw Gilbert after using the Cuticura Remedies was surprised. He has a head of hair which is a pride for any boy of his age, three years. We can only recommend the Cuticura Remedies to everybody."

(Signed) Mrs. H. Albrecht, Box 884, West Point, Neb., Oct. 26, 1910.

Although Cuticura Soap and Ointment are sold throughout the world, a liberal sample of each, with 32¢ book on the skin will be sent free, on application to "Cuticura," Dept. KK, Boston.

The best way to carry Ashes
is in a **Hod!**

Crawford Ranges

Have an Ash Hod in the base into which all the ashes fall far below the fire. They can't bank against the grates and warp them, and they can be emptied easily without spilling.

The Coal Hod is alongside the Ash Hod—out of the way. This feature is a wonderful labor and trouble saver and is patented.

Another trouble-saver of the Crawford is the patented **Single Damper**. One motion—slide the knob to "kindle," "bake" or "check"—the range does the rest. No damper mistakes.

The **Oven** has cup-joint heat flues that heat it alike in all parts.

Ask the Crawford agent to show you and write us for circular.

MERIDEN EX-MAYOR HAS LEG BROKEN

Horse He Was Driving, Frightened by Mill Whistle, Ran in Front of Approaching Auto—Members of Automobile Party Escape With Slight Injuries.

Meriden, Conn., Oct. 25.—While driving toward the city about two miles from the center on the road to Cheshire, this evening, ex-Mayor George S. Seeley, accompanied by his sister, Mrs. William Remington, was injured and badly shaken up when his horse balked at the sound of the whistle of the Parker Clock company, blown as the team was passing the factory, and reared to the side of the road. Thus an automobile on the opposite side of the road crashed into the team.

Auto Turned Turtle.

The machine was owned by Rocco A. D'Avino of New Haven and was driven by his business partner and brother-in-law, Joseph Marchetti, of this city, bound for Waterbury, where he was taking Mrs. T. D. Calabro and daughter Anna, accompanied by Miss Carmella Ponsello, an opera singer of this city, and Miss Lucy Petrucci, also of Meriden. The horse jolted so suddenly that the driver of the machine could not turn out and when the left side of his car struck the wheel of the machine was turned completely over and its occupants hurled to the ground.

Opera Singer Injured.

Miss Ponsello was pinned beneath

the machine and sustained a severe gash across the left side of her head about six inches long and cut down to the bone. Her right arm was badly bruised but probably not broken.

Ex-Mayor Seeley's Leg Broken.

Ex-Mayor Seeley was carried to the Meriden hospital in the ambulance and it was discovered his left leg was the top of the two middle fingers, suffered a severe nervous shock, but was unhurt.

Slight Injuries to Women.

Mrs. Calabro received a cut two inches long on her forehead and had a fracture of the right arm. Miss Petrucci and Miss Calabro escaped uninjured. The driver of the automobile was put under arrest and the accident will be investigated.

Autoists Returning From Wedding.

The party: In the automobile had just left the wedding of Rocco D'Vino and Miss Margaret Marchetti in the groom's machine. Mr. D'Vino is a New Haven architect. One peculiar feature of the accident is that ex-Mayor Seeley and wife are both hospital patients now. Mrs. Seeley is recovering from an operation performed several weeks ago by Dr. Verdi of New Haven.
